Re: Application by Verizon-New Jersey Inc. for Authorization to Provide In-Region,
InterLATA Services in the State of New Jersey, Docket 02-67

Dear Ms. Dortch:

On Wednesday, June 12, 2002, I left a voice mail message for Alexis Johns of the Wireline Competition Bureau to alert her to the email sent by Robert Quinn of AT&T that contained the attached bill insert. I expressed AT&T's concern that this bill insert, which was sent to Verizon's local telephone customers in New Jersey and received by an AT&T employee on June 10, 2002, markets Verizon's long distance offering in that state even though the Commission has not yet acted on Verizon's pending 271 application for New Jersey. I also informed her that AT&T would be raising this issue with Dorothy Attwood, Chief of the Wireline Competition Bureau, and the Commissioners' legal advisors assigned to this proceeding.

One electronic copy of this Notice is being submitted to the Secretary of the FCC in accordance with Section 1.1206 of the Commission's rules.

Sincerely,

A handwritten signature in cursive script that reads "Amy L. Alvarez".
